Product Description

Pioneer GPP479905 21" Self-Propelled Lawn Mower

The Pioneer Pro 21-inch Variable-Speed Self-Propelled Lawnmower takes the struggle out of professional-quality lawn care with the extra benefit of a variable speed range. The self-propelled drive system produces speeds from 2.2 to 4.2 MPH to better match conditions, the 21-inch cutting deck covers more area with fewer passes, 3-in-1 functionality adapts to varied grass discharge needs, and a ReadyStart® equipped Briggs & Stratton® EXi725 Series engine provides reliable power.
